

Face2Face

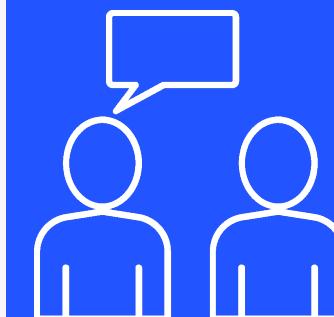

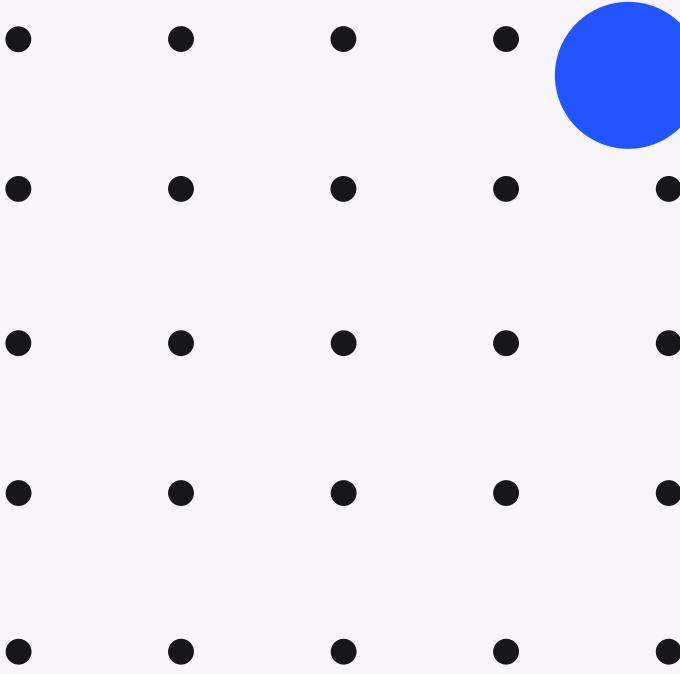

About me

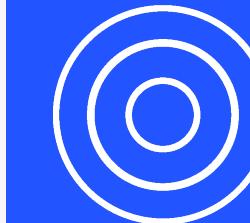

From care work to data scientist

Working as a professional carer for 5 years taught me how to be patient, adaptable and most importantly how to have control of a situation.

Communicative person

I feel very comfortable speaking in public and I believe that communication is one of the best skills that anyone can have

Goals

I have always liked the idea of having my own company, I have a great passion for programming and this application would give me the opportunity to make the leap into the world of apps.

About Face2Face

**They like you, you like them.
Cut the clutter.**

Tinder changed the game in 2012, we've made things even easier:

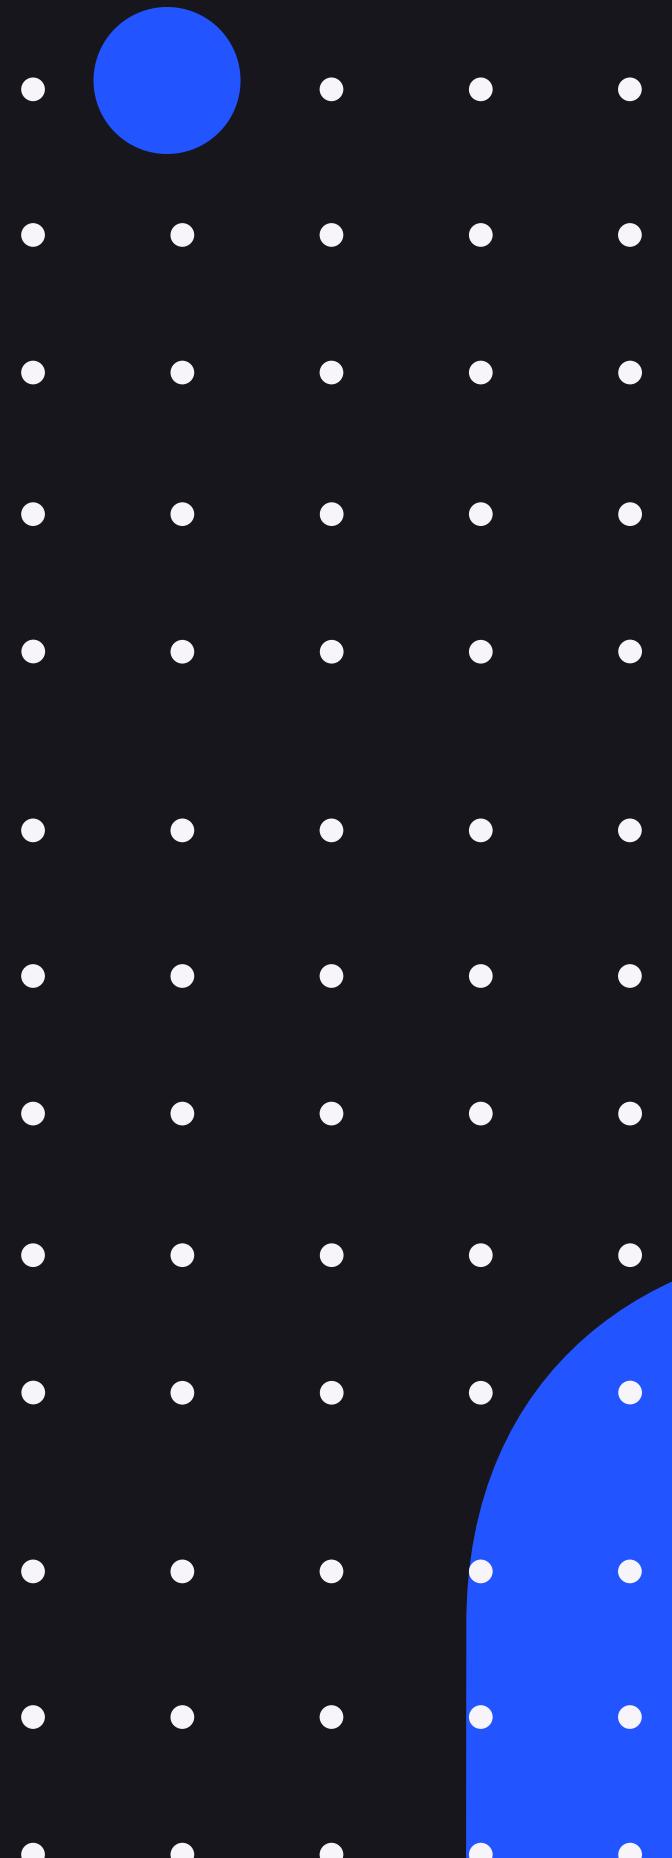

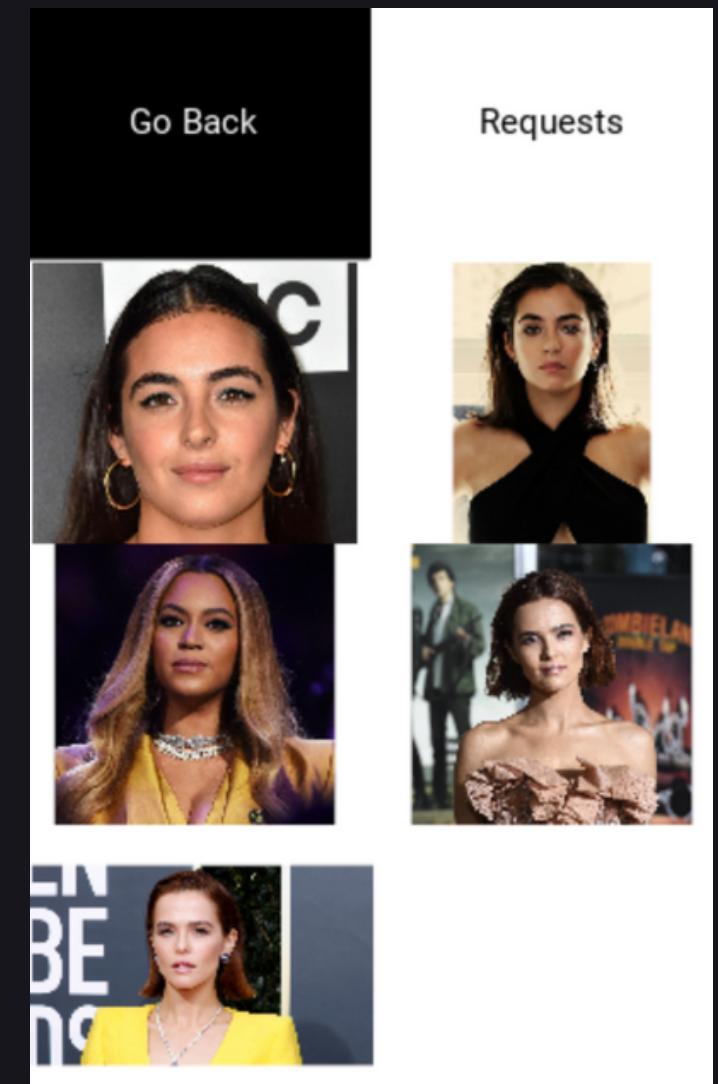

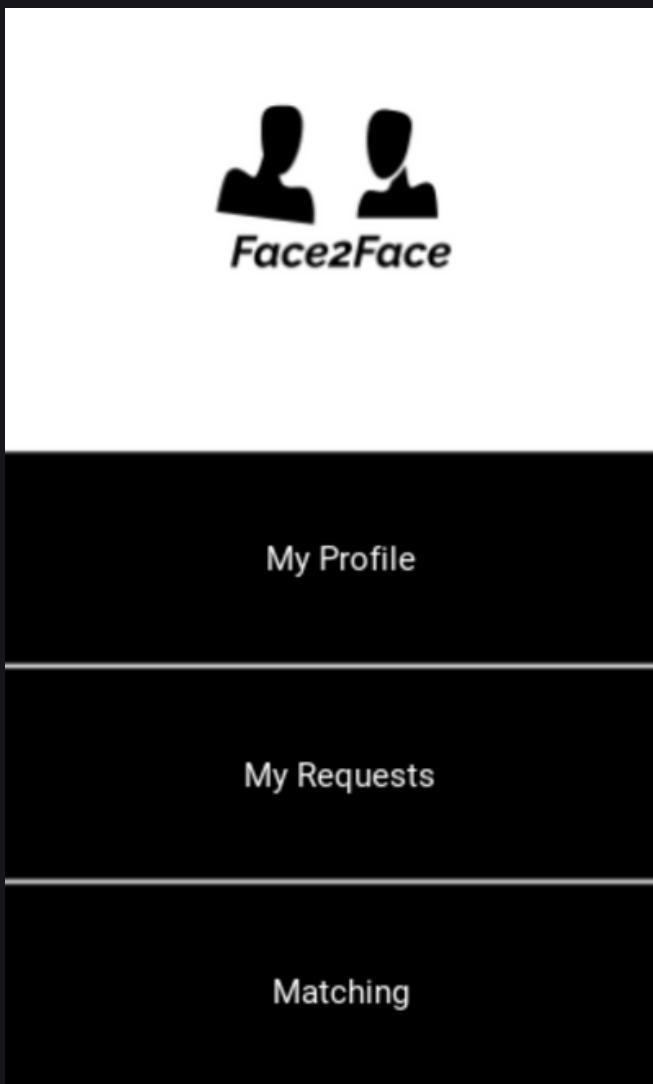

- Upload your profile pictures
- Upload photos of people you like the look of
- Put your phone down
- Wake up tomorrow with matches

Goodbye to swiping, hello to automation.
